A. R. H.

Roxbury Dec 17th

Dear Miss Weston,

I rec'd tickets & one circular for which I thank you. If it be in your power to send me some two dozen circulars or even more, I think they could be advantageously circulated among my friends. The bearer of this could carry them to the store for me. I have so much to do before the 19th that I shall be unable to see you at the Hall to secure a table, & perhaps as I have so few articles it may not be well to retain one for me — but if you can appropriate a good many foreign articles to mercies, I assure you we should be most happy to have the care of a table. I have just returned from a long journey from the West, which has prevented me from accumulating as many articles as it was my desire. I trust you are in good health & that your arduous cares may not tend too much to fatigue.

Emily Jos. &
A. R. Bramhall
